

Unit 2. Task 0. Apache modules

Look for some information about the following Apache modules: mod_actions, mod_cgi, mod_cgid, mod_ext_filter, mod_include, mod_ldap, mod_perl, mod_php5, mod_python. The information is provided in link:

<http://httpd.apache.org/docs/2.2/es/mod>

Create a document with the information you found and translate it to Spanish. Do not use on line translators. **The document must be written in English with your own words.**

Deadline: 16th of November until 11:55 p.m. (23:55h)

Format filename (PDF): Task0_Unit2_nameSurname.pdf
